CONNECTING CITIZENS TO THE CITY

Provide ability to the citizens to connect with the government digitally

ENABLING FASTER COMMUTE

EFFICIENT CITY HIGHWAYS

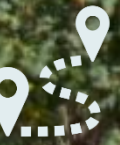

- **12 high-density corridors**, totalling 190 kms, to be taken up in mission-mode by KRDC
- Accelerated completion of **Smart-city roads**
- **Annual maintenance contract** for arterial roads which total 400kms in length
- **Enhanced road appearance** ensured by undertaking kerb stone-painting and lane markings
- Installation of **synchronous signal lights**

ENABLING FASTER COMMUTE

SMART MOBILITY

- **Promotion of Shared Electric Vehicle mobility** across the city
- **Faster metro** completion
- Expanding **Bus priority lanes**
- **Operationalisation of suburban rail** to ease traffic and reduce pollution

SWACHHHA BENGALURU

INTEGRATED CITY WASTE MANAGEMENT

- **Specialized entity for waste management** for end-to-end professional management of municipal solid waste
 - Rehabilitate and refurbish existing processing plants to operate at optimum capacity
 - Guide and monitor solid waste collection and transportation by leveraging technology
 - Remediate and rehabilitate legacy dump sites
 - Plan, design and implement model **Material Recovery facility**

SWACHHA BENGALURU

NAMMA KASA NAMMA JAVABDARI

- **Citizen participation programs** through training of SWM trainers and Shuchi Mitras for effective micro /macro SWM planning and implementation
- **Setting up of Kalika Kendras (learning centres)** in each zone for information, education and communication to the community on composting and zero waste homes
- **Encourage in-house processing of wet waste** through local buy-back centres for compost

HASIRU BENGALURU

GREENER NEIGHBOURHOODS

- Launch of **2 new urban lung spaces** by repurposing state PSU lands (NGEF, Mysore Lamps)
- Launch of **2 mega-tree parks** in city suburbs measuring a total area of 600 acres (Machohalli, Bhoothanahalli)
- Popularising existing **Mini-forests** among citizens (Turahalli, JP Nagar, Kadugodi, Mathikere)
- Intensified monitoring of ambient air quality by increasing **Air quality testing meters**

HASIRU BENGALURU

WATERWAYS & CLEAN LAKES

- Waterway beautification: **K-100 Raja Kaluve project**
- **Restoration of 25 lakes** in Bengaluru
 - Enhancing water quality and improving biodiversity around lakes
 - Stakeholder mobilization and volunteer participation
- Real-time **monitoring of water quality in 20 lakes**

CONNECTING CITIZENS TO THE CITY

UNNIFIED CITIZENS CONNECT PORTAL

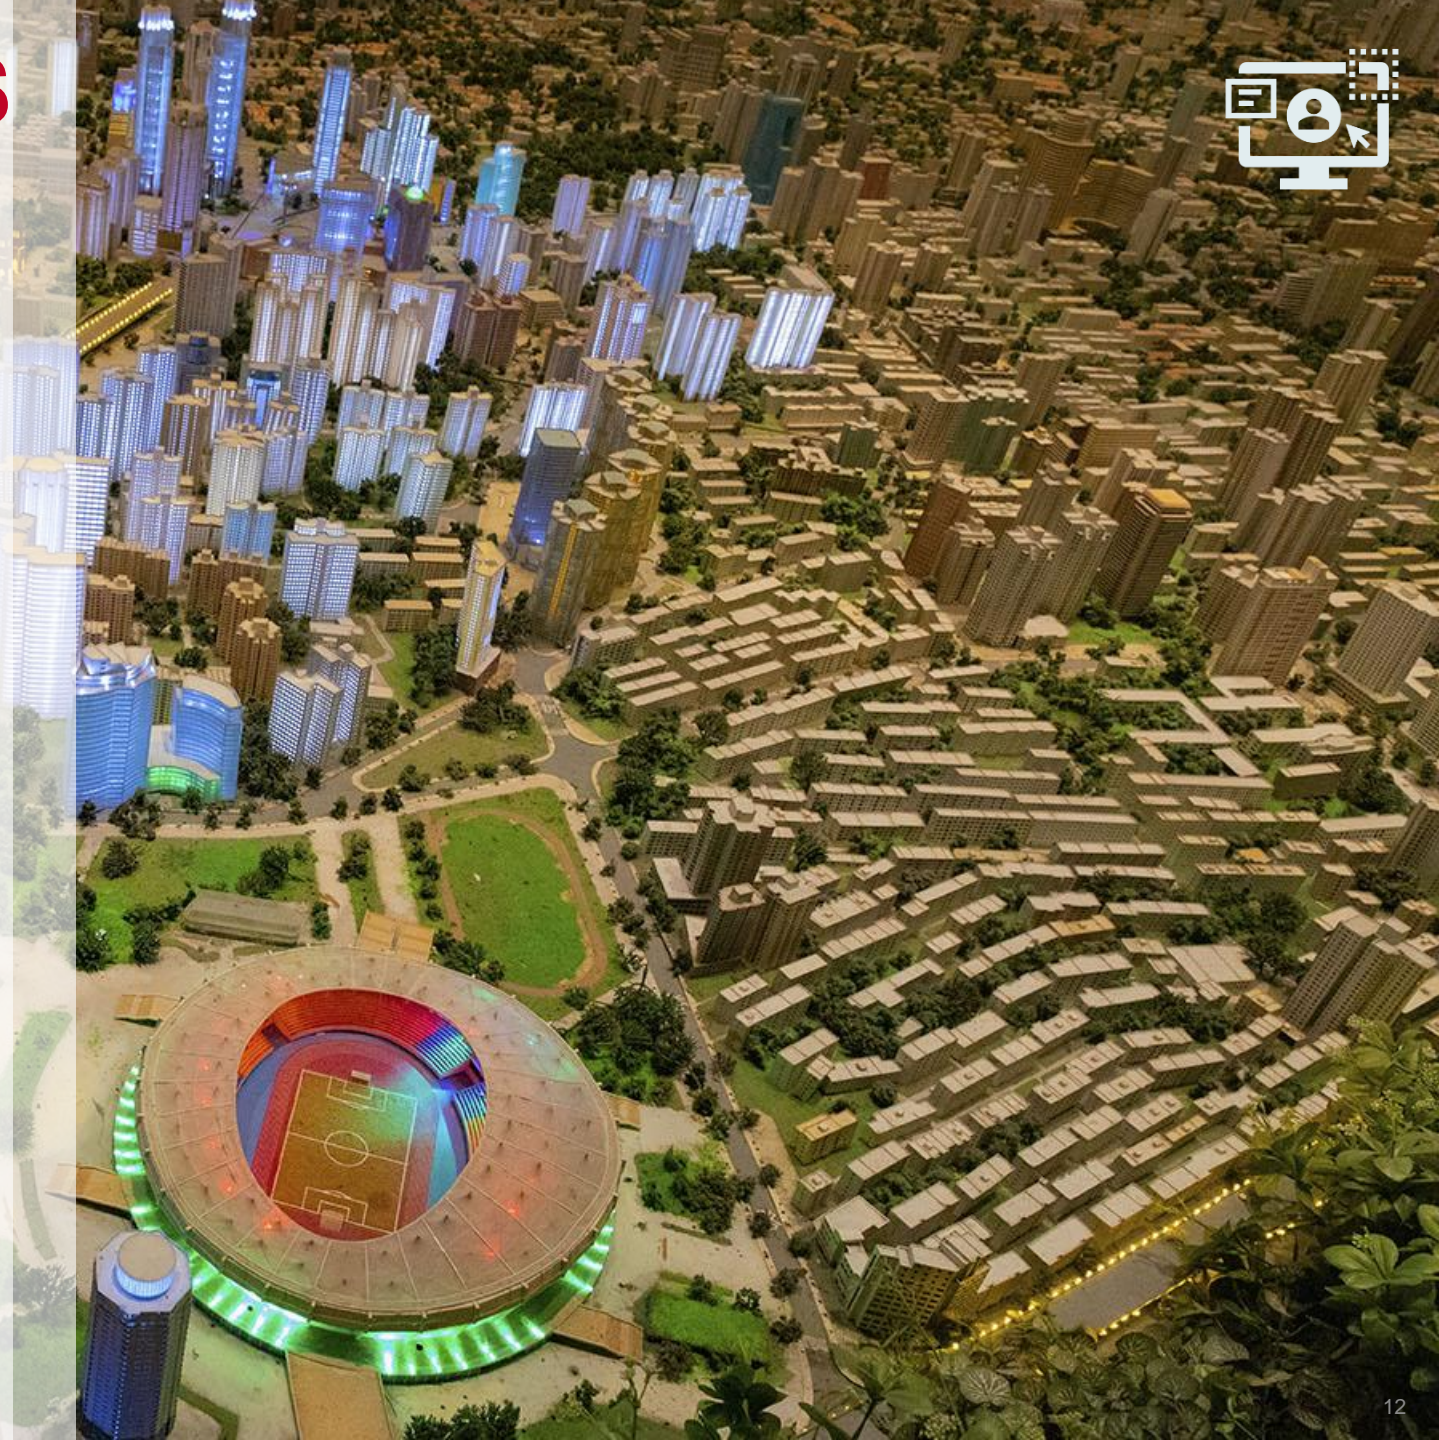

- Online access to citizen services like **Khata, Property Tax, Birth & death certificate, trade licenses**
- Online access to **road-history information** for citizens
- Location-aware information to citizens **on civic services, programmes and officers**
- **Redesign of Sahaya portal**, a one-stop platform for grievance redressal, to ensure better user experience for Bengaluru citizens

CONNECTING CITIZENS TO THE CITY

EXPERIENCE BENGALURU 360

- Bengaluru **Culture, Heritage and Crafts Museum at NGEF**
- **Contemporary public recreational spaces and cultural events hub at NGEF**, creating opportunities for artists, artisans and other creative professionals
- **Creation of Living City Laboratory at Mysuru Lamps Factory** to engage the community in Bengaluru through display & interactive learning zones
- Set up of **'Itihaasa – Bengaluru's technology history'** at **Mysuru Lamp Factory**, an interactive digital showcase of the city's journey into one of the worlds premier innovation hubs
- Set-up of **Bengaluru Innovation Centre at Mysuru Lamp Factory**- dedicated to advancing the future of entrepreneurship, innovation and the bio-technology industry
