**OFFICE OF THE COMMISSIONER, NARASIMHARAJA SQUARE, BAGALORE-02.**

**STRAY DOG CONTROL**

We seek your co-operation and support in effective implementation of Animal Birth Control (ABC) and Anti-Rabies Vaccination (ARV) Programme.

1. In pursuance to Animal Birth Control (ABC) (Dog) Rules-2001 issued by Government of India under Prevention of Cruelty to Animals Act, 1960. BBMP with the assistance of Animal Welfare Organisations' (AWOs) pick up Stray Dogs for sterilisation to control their population. After sterilisation and immunisation against rabies, these Dogs are released back in the same area.
2. There is no provision to kill dogs except when they are fatally injured or terminally ill.

**REMEMBER:** DON'T PROVOKE OR TEASE DOGS - DO NOT STARE AT THE DOG - CASES OF DOG BITE INCREASE DURING THEIR MATING SEASON AND BITCHES ARE MORE AGGRESSIVE AFTER DELIVERY OF PUPPIES - SO, PLEASE KEEP SAFE DISTANCE FROM THEM - IN CASE A GROWLING OR BARKING DOG COMES CLOSE TO YOU, DO NOT START SCREAMING AND DO NOT RUN AWAY. STAND STILL AND REMAIN QUIET & CALM AND IGNORE THE DOG.

**IN CASE OF DOG BITE**

1. Wash the wound in running Water for 10 Minutes.
2. Wash the wound with Detergent Soap.
3. Apply Antiseptics like. Dettol/Iteol/Povidone Iodine Spirit, etc.
4. Do not Wrap the wound with bandage
5. Immediately consult a Doctor and take Anti-Rabies Vaccine and Rabies Immunoglobulin as per advice.
6. Never neglect an animal bite and in particular, a Dog bite, as it may be Rabid.
7. Rabies is a preventable disease, but fatal once it sets in.
