Government of India
Ministry of Health & Family Welfare
Immunization Division

Nirman Bhawan, New Delhi
Dated: 05th October, 2019

To,
The Principal Secretary,
(Health and Family Welfare),
All States

Subject: National Immunization Day (NID) for Polio to be observed on 19/01/2020

Sir/Madam,

India has completed more than eight years since last case of wild poliovirus was reported in 2011. However, the risk of poliovirus importation from other countries and vaccine derived polio viruses emergence warrants that population immunity against polioviruses need to be maintained. In this connection, as per the recommendations of the India Expert Advisory Group (IEAG) on Polio held in February 2019, Government of India has decided to conduct one National Immunization Day to be conducted in the year 2020 covering all the children in the age group 0-5 years of age.

The National Immunization Day for polio for the year 2020 is scheduled to be held on 19th January 2020 with bivalent Oral Polio Vaccine (bOPV). The preparedness in terms of revising microplans, IEC campaigns, capacity building of health providers and special emphasis on migrant and slum population should be initiated in advance. At this stage of polio eradication programme, high quality preparedness and monitoring during NIDs is one of the most critical elements of the programme.

The release orders for vaccines and operational funds will be issued in due course of time. You may utilize the available saving under Pulse Polio / RCH flexipool for the operational cost of NID as per guidelines.

I solicit your kind support to issue necessary instructions to all concerned for successful implementation of NIDs in 2020.

Yours faithfully

Dr. Pradeep Haldar
