Executive Engineer  
Road Infrastructure - Traffic Engineering Cell

# ANNEXURE-1

## Duties & Responsibilities of Executive Engineer as per PWD Departmental Code

30. The Executive unit of the Department is the Division in-charge of an Executive Engineer, who is responsible to the Superintending Engineer for the execution and management of all works within his Division.
31. He can receive positive orders only from his own Departmental superiors, the head of the administration, or other Civil officers duly authorised.
32. He is responsible that proper measures are taken to preserve all buildings and works in his Division and to prevent encroachment on Government lands in his charge. He should keep accurate plans of all Government lands borne on Departmental Registers and supply tracings therefrom to his subordinates, when it is necessary to acquaint them with the boundaries.
33. It is the duty of the Executive Engineer, immediately to report to the Chief Engineer, through the Superintending Engineer and to the Deputy Commissioner of the District, any serious damage to or loss of immovable property caused by any accident or unusual occurrences.
34. He can transfer Assistant Engineers, Junior Engineers and other subordinate staff working in his Division from one station to another reporting the same to the Superintending Engineer of his Circle.
35. He is responsible that the surveying and mathematical instruments in his Division are properly cared for and will report on their condition to the Superintending Engineer at the end of each working season. Any damage to the instruments done, due to neglect or carelessness should be made good at the expenses of the persons responsible for the same.
36. It is the duty of the Executive Engineer to furnish Treasury and Sub-Treasury Offices, after the inspections with a certificate regarding the security of strong rooms used or proposed to be used for storage of coins or other valuable property, as required under Article 34(a) of the Karnataka Treasury Code.
Note:- The Executive Engineer may depute for this purpose any selected Sub-Divisional Officers.
37. He is held responsible for the correct assessment of such items of revenue as are collected through the Public Works Department and should maintain the necessary records, and accounts for the purpose in the Register of revenue etc.
38. The Executive Engineer in addition to his other duties, will consider himself to be ex-officio the professional adviser of all Departments of his charge and it is his duty to perform this function in a useful manner without allowing undue formalities to interfere with it.
39. It is incumbent on the Executive Engineer to ensure that sufficient precautions are taken by the officers concerned to prevent accidents to traffic at the spot of works or repairs and to take precautionary measures to prevent chances of accidents to labour, officials and passers-by in the vicinity of blasting operations.
40. It is the duty of the Executive Engineer periodically to inspect all major tank works, bridges, buildings, etc., and see that the distribution of waters is adequate and economical and that there is no leakage or waste.

41. (i) The Divisional, Officer should not commence the construction of any work or spend public funds without the sanction of Competent Authority, vide Paragraph 314 of K.P.W.A. Code.
(ii) He should close the accounts immediately the work is finished, and prepare the completion report in the prescribed form.
(iii) He should take necessary steps to obtain funds for the works under his control and keep his accounts, and submit them punctually to the Audit office, as per rules in force.
(iv) He should exercise a thorough and efficient control and check over his Divisional Accountant, and carefully examine the books, returns and papers from which the monthly accounts are compiled.
(v) He is responsible for the correctness in all respects, of the original records of cash and stores, receipts and expenditure and for seeing that complete vouchers are obtained. (See also Paragraph 44 of K.P.W.A Code).
(vi) He should watch the progress of expenditure under each sub-head of work in contract with the sanctioned estimate. He should see submitted to the sanctioning authority.
(vii) He should examine at least once a year the books of his subordinates to see that the primary accounts fairly represent the progress of each work and that the accounts are personally attended to by the Sub-Divisional Officers.
(viii) The Divisional Officer is primarily responsible for affording information in cases of probability of excess of actual over estimated cost of work and is expected not to allow any delay to occur in reporting to the Superintending Engineer, any such probability. In such cases, as well as those relating to irregularities in the rates or cost of a sub-head which are beyond the powers of the Divisional Officer to sanction, work slips should be submitted for orders. All important liabilities not brought to account should also be noted on the work slip.
(ix) In framing contracts of any description, the Divisional Officer should take care to reserve to Government the right to supply materials of any description or to approve of the firm from which the materials should be brought and of the materials purchased.

**Executive Engineer**  
**Road Infrastructure - Traffic Engineering Cell**

## ANNEXURE-2

### Duties & Responsibilities of Assistant Executive Engineer as per PWD Departmental Code

#### (d) Sub- Divisional Officers

42. A Division is divided into Sub-Divisions, which are placed in-charge of Assistant Executive Engineers or Sub-Divisional Officers, who are responsible to the Executive Engineer in-charge of the Division for the efficient management and satisfactory execution of all original works and repairs, and the collection of materials and for the correct maintenance of the accounts pertaining to them. No Sub-Division can be constituted without the sanction of Government.

43. The Sub-Divisional Officers is held personally responsible for the correctness of all initial cash and stock accounts required to be maintained in the Sub-Divisional Office. He should examine the transactions relating to all such accounts and other important records and see that they are correct, and conform to the rules in force, in all respects. It is his responsibility to see that all cash and stock accounts including all the important records are maintained up-to-date and their extracts wherever necessary submitted to the Divisional Office, on due dates.

44. It is incumbent on the Sub-Divisional Officer to ensure that all subordinates, working under him are well posted in the work correctly maintaining their primary accounts of works, i.e., Muster-Rolls, Measurement Books, Materials-at-site accounts, Tools and Plant account and the progress report of all works in their charges.

45. It is the duty of the Sub-Divisional Officer, to inspect periodically all major and minor tanks and other irrigation works in his charge and see to their proper maintenance. He should also inspect all other Road works bridges and building works in his charge and see that they are also well-maintained.

46. It is incumbent on him to see that all revenues due in his charge is assessed and collected and that auction sales of all old and surplus materials and other revenue yielding property is conducted under orders of Competent Authority, well in time.

47. He is also the professional adviser to the Municipalities and Taluk Boards, etc., in his jurisdiction and when he is consulted by such local bodies it is incumbent on him to comply insofar as it does not interfere with his legitimate duties.
