

# BRUHAT BANGALORE MAHANAGARA PALIKE

Office of the Commissioner, Narasimharaja Square, Bangalore - 560 002

## RABIES IS OUR ENEMY-NOT THE STRAY DOGS

We seek your Co-operation and support in effective implementation of Animal Birth Control (ABC), Anti-Rabies Vaccination (ARV) Programme.

### IN CASE OF DOG BITE

(1) Wash the wound in flowing water for 10 minutes. (2) Wash the dog bite wound with detergent soap (cloth washing soap) for 2-3 minutes. (3) Apply Antiseptic i.e. Dettol, Iteol, Povidone Iodine, etc. (4) Go to a Doctor and take Anti-Rabies Vaccine and Rabies Immunoglobulin as per advice. (5) Never neglect an animal bite and in particular, a Dog bite, as it may be Rabid. (6) Rabies is a preventable disease, but fatal once it sets in. (7) Anti-Rabies Vaccine are easily available at BBMP and Government Hospitals.

### ANIMAL BIRTH CONTROL (DOG) RULES-2001

(1) In pursuance to the above rules issued by Government of India under Prevention of Cruelty to Animals Act, 1960 BBMP with the assistance of Animal Welfare Organisations (AWOs) pick up Stray Dogs for sterilisation to control their population. After sterilisation and immunisation against rabies, these dogs are released back in the same area.

(2) There is no provision to kill dogs except when they are fatally injured or terminally ill.

**REMEMBER:** Don't provoke or tease Dogs. Cases of Dog bite increase during their Mating season and Bitches are more aggressive after delivery of puppies. Please keep safe distance.
